

ALUMINIUM CASE FOR RASPBERRY PI 4

with mounting brackets (VESA75)

RB-AlucaseP4+06

1. GENERAL INFORMATION

Dear customer,

Thank you for purchasing our product. In the following, we will show you which things should be noted during the use.

Should you encounter any unexpected problems, do not hesitate to contact us.

2. ASSEMBLY

1. First of all, you have to unscrew the following screw to open the case.

2. Afterwards, put the Raspberry Pi in the bottom part of the case and screw it down with four screws.

3. Now insert the top of the case on the bottom and fasten it with the screw you removed at the beginning.

4. Now you can mount the mounting brackets if required. These need to be screwed onto the bottom of the case.

The case can now be mounted on your monitor for example.

Attention! Screws to mount the case onto something are not included in the scope of delivery.

3. OTHER INFORMATION

Our Information and Take-back Obligations according to the German Electronic Law (ElektroG)

Symbol on Electrical and Electronic Products:

This crossed-out bin means that electrical and electronic products do not belong into the household waste. You must hand over your old appliance to a registration place. Before you can hand over the old appliance, you must remove used batteries and replacement batteries which are not enclosed by the device.

Return Options:

As the end user, you can hand over your old appliance (which has essentially the same functions as the new one bought with us) free of charge for disposal with the purchase of a new device.

Small devices, which do not have outer dimensions bigger than 25 cm can be handed in for disposal independently of the purchase of a new product in normal household quantities.
